ABOUT ME

Hi! I'm Front-end Developer with experience about 2 years in creating SPA using React, Redux, TypeScript and other technologies and libraries, with knowledge in user-interface,testing, and debugging processes.

I know how to work in a team and achieve the best results. I improving my skills in this direction and plan to expand them with new technologies, such as Next JS.

I usually spend my free time reading IT literature, doing sports and improving my English. Open to your suggestions.

EXPERIENCE
